Art Unit: 3744

1. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

2. Claims 1-4, 6, 8-11, 14, 24, and 28 are rejected under 35 U.S.C. 103(a) as being unpatentable over Foye in view of Pewitt. Foye discloses the claimed invention except for the beverage container support configured to support beverage containers having different vertical heights and different cross-sectional area sizes. Pewitt teaches a holder for a beverage container having a support 3. The support is clearly configured to support beverage containers having different vertical heights and different cross-sectional area sizes. See especially column 1, lines 25-30 and column 2, lines 60-70. It would be obvious to provide Foye with a support for the beverage container, in view of Pewitt, for the purpose of supporting beverage container of various sizes and shapes.

3. Claims 5, 7, 12, 13, and 25-27 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

4. Claims 15-23 are allowed.

5. Applicant's arguments filed November 8, 2004 have been fully considered but they are not persuasive. Applicant's arguments are not understood. It is not understood what Adkins would add to the combination of Foye and Pewitt. Pewitt clearly teaches the beverage container support as claimed.

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
